The Coal Avenue Commons project to re-design Coal Avenue in downtown Gallup as an event street and community commons is moving full steam ahead!

After many idea-generating and feedback-gathering conversations and meetings with artists, downtown business owners, downtown property owners, and the community, the design team has developed three concepts.

Now it's time to choose the path forward for downtown Gallup.

Everyone is invited to attend the FINAL Community Workshop to **cast their vote** for which concept design they think best represents the future of downtown.

When: Wednesday, August 22 from 5 - 7 pm

Where: Gallup Cultural Center (201 E Hwy 66)

Please attend! This workshop is the community's chance to weigh in on which concept design to move forward as we look ahead to break ground on this project in the near future.

The Final Coal Avenue Commons Community Workshop is open to the public. Light refreshments will be served. ASL and Navajo translation services will be provided.

For more information visit www.coalavenuecommons.com or follow @CoalAvenueCommons on Facebook.
