Gallup Police have arrested a man after he reportedly crashed into a house on Mazon Avenue and Patton Drive in Gallup June 29.

The suspect, Kintuck Howard, was charged with his second DWI and for failure to give immediate notice of accident.

Gallup Police Captain Marinda Spencer said police were responding to a call in the Mossman area about a man who was driving carelessly.

A pursuit began and was cancelled because the driver was going through residential areas and there was a fear that someone could be hurt.

A little later, police were called to a house on Mazon Avenue where someone had crashed into the west wall of the building. The man fled the scene but was later arrested at his home. No injuries were reported.
