Montana Skyler Jordan

Agg. DWI, 1st Offense

A traffic stop on Highway 491 for speeding led to an upgrade in charges as McKinley County Sheriff's Deputy Josie Bowman pulled over an inebriated driver. Jordan, 36, was nabbed at the 5.9 mile marker and readily admitted doing 60-65 mph.

Jordan agreed to a field sobriety test but almost fell in the third part of the test. Transported to the Sheriff's Office, Bowman discovered the Intoxilyzer 8000 was not operating. Back in the squad car, Bowman and Jordan had to test on the unit at the Gallup Police Department. The machine at that location worked just fine, registering twin results of 0.24, enough for another upgrade to an aggravated charge, and a trip to the McKinley County Detention Center.

Agg. DWI, 2nd Offense

Dispatched to the Heritage Giant Station, 990 N. U.S. Route 491 in reference to a drunk driver, Gallup Police Department Officer Julio Yazzie met with Becker, 56. On patrol near Aztec Avenue and Arnold Street, GPD Officer Julio Yazzie conducted a traffic stop on a brown Toyota Avalon that was running with no head lamps. Claiming there was a problem with his lighting system, Dixon, 21, agreed to the field sobriety test, which he flunked.

A portable breath test was given by another officer. Based on the results of the SFST and the portable breathalyzer, Dixon was placed under arrest and transported to the Gallup Police Department for another breath test. Dixon blew a 0.14 and was then transported to MCDC.

Shawn M. Slim

Agg. DWI, 1st Offense

Dispatched to McDonald's east, GPD Officer Julio Yazzie made contact with Slim, 23, in the drive thru lane of the fast food business, where he had fallen asleep.

Officer Yazzie asked Slim to move his vehicle to the parking area on the east side of the business, which he did. When he exited the vehicle, Yazzie noticed that Slim staggered, and had to hold onto the door so he would not fall.

Slim did fail this test and then refused to give a breath sample after having been read the N.M. Implied Consent Advisory. Yazzie then placed Slim in handcuffs and took him to the MCDC for booking.

When GPD Officer Ransom James first contacted Liscombe, 35, when dispatched to 1602 Camino Rancheros, Liscombe did not obey the commands from James. Eventually Liscombe rolled down the driver's side window and said, "Me and my friend are just trying to leave the parking lot," according to the report.

When James asked Liscombe where his friend was, he pointed to the front passenger seat. "She's right here!" he said, but he was the only one in the vehicle.

James instructed Liscombe to stay in his car and when he asked the driver what had happened to his head, he wiped at his the wound and told me, "Nothing man, there's nothing wrong with me."

When James asked Liscombe where he was, he replied, "I'm in Albuquerque. We just got out of the bar," he said. We're going to leave Albuquerque, we're going back to Gallup."

Medical personnel at a local hospital determined Liscombe did not have any internal head injuries. Officer James read the N.M. Implied Consent Advisory, and explained the consequences of refusal, but Liscombe was adamant so was booked into MCDC.

As Thayer approached from the east, he spotted the subject vehicle who pulled out of the drive thru lane and on to Highway 66 eastbound. Thayer followed to the Pronto Gas parking lot, where Nez, 29, pulled in and stopped.

Nez admitted to drinking at two different establishments and was also agreeable to a field sobriety test. When she complained that her weight, 5-4 and 210 pounds, kept her from completing the tests, she was given alternatives and didn't do much better.

Thayer read the N.M. Implied Consent Advisory and she agreed to that as well, but blew a 0.15 and 0.14 and was arrested for DWI and booked into MCDL.

Then Metro Dispatch updated the report of a red Chevy Cavalier near the Shalimar that had crashed into another vehicle and then left the scene. Sgt. Peyketewa was in that area and quickly found the red car with the left front tire blown out.

Peyketewa detained both the driver and passenger, and Gonzales moved his patrol unit over to capture the field sobriety tests on the dash camera. Having identified the driver as Scott, 55, Officer Gonzales started the field tests, but called them off when Scott complained that he was blind and could not continue. Gonzales then read the NM Implied Consent Advisory to Scott and he agreed to a breath test.
