Police are still no closer this Tuesday morning to knowing what caused the death of a man and woman discovered in a field Friday.

Gallup Police were dispatched to the area of Pershing Street and Grandview Avenue at 5:30 pm Jan. 17.

The detectives and agents who responded to the scene estimate the duo to be between 50-60 years of age.

Both persons are pending identification confirmation by the Office of the Medical Examiner.

There are no signs of foul play.
