The body of Herman Lee, 64, of Pinedale, NM was discovered at about 7:30 am March 16 in the southeast parking lot of Furniture Warehouse, 919 E. Hwy 66.

Gallup Police Department Capt. Rick White said it's the "ninth open area death" of this winter season. White also said there doesn't appear to be any foul play, based on an initial investigation. He did note that Lee wasn't dressed appropriately for cold weather.

Lee's body was taken to Albuquerque for an autopsy and toxicology testing.
