A solar eclipse occurs every 18-months marking the beginning of a new spiritual cycle. On Aug. 21, one will be visible form the U.S. mainland for the first time in 38 years. If you have a journal use it too look back over the last six months or use Facebook. Look how far you've come. What did you do? What are your current goals? Madame G says soar through your new journey.

Aries (March 21-April 19)

Your heading on a new path and enlightenment. This is an exciting journey. Don't lose yourself in the fear. Let go of preconceived notions about yourself. Open up to the possibility that you're more than you've ever imagined. You don't need to cling to the way things "used to be" or "how they've always been." It's about to be better. Excellent adventure, bro!

Taurus (April 20-May 20)

It's all good. Whatever it is or may be, you'll get through it. Now, is the time to determine where you want to go and how you want to get there. Enjoy the journey and allow yourself the freedom of a map. You'll experience the joy and creativity found in boundaries and the release that can happen from a secure feeling. You can still enjoy the high wire show with the safety net.

Gemini (May 21-June 20)

And they're off… Where will you go and what will you do? It's an exciting prospect. Only you know the answers, but you don't know them yet. Take time for self-study and set some new goals. But, first look back at what you've accomplished. It's always important to look at where you've been. Admire your handiwork. Well done!

Cancer (June 21-July 22)

This is the start of a new series on HBO—only way more exciting—because it's your life. This is a badass moment for you. Take advantage of the novelty and throw yourself into the study of your new-found passion. Take care to reflect on what you've done and seen before, you'd hate to keep making the same mistakes over and over again. This is your time now dawg!

Leo (July 23-Aug. 22)

The Sun is almost out of your sign, but you've been living it up. Look back on what you've accomplished these last few six weeks, months, or years. The answer may very well surprise and delight you. Howe wonderful! As you review your story examine what you'd like to see next. This crazy beautiful adventure is only just getting started. Have a blast, from the past!

Virgo (Aug. 23-Sept. 22)

You might wonder where you're going. The answer resides in your heart and the journey awaits. You've got this in the bag and ready for the next move. Will you disappear to Australia or live it up in Amsterdam? Who knows you may even decide entrepreneurship is the right path for you or motherhood. Your life is open and ready for the taking. Show no fear!

Libra (Sept. 23-Oct.22)

So, you may have seen a few setbacks and struggles. In other words, you didn't always get your way. This is life and it too shall pass. So, don't let this life pass you by. Don't get lost in your disappointments. Don't let the struggle draw you down or take you too deep you drown. You're ready for the next adventure and it's coming at you fast. Buckle up and go, go, go!

Scorpio (Oct. 23-Nov. 21)

Your heart's sore and you've taken a blow or two. You've also overcome huge obstacles, shown resilience, and demonstrated poise. It's in your heart where you're ready to go and what to do. This is your time now. Let your light shine bright. Get out from behind that bushel. Grace is with you. Now, take the initiative and show this journey who is boss. Yeah, baby yeah!

Sagittarius (Nov. 22-Dec. 21)

Your journey is beginning now! You don't have a moment to spare. It's here and ready to go. And that's a good thing. You'll never know what you'll find until you get there. So, you've got to put the potato chips down and step away from Game of Thrones long enough to let that new spiritual path hit you in the face. Did you ever think life could be this awesome!

Capricorn (Dec. 22-Jan. 19)

Whoa! Who's that girl? What's her name? Is it you? You bet. Take some pride in your life and your journey. Is it perfect? Nah. But, no one is ever perfectly content. So, stop the moaning and groaning and get going on the best path forward. Only you know what's at stake and what will take you to the next level. This is still your life to live. So, do it.

Aquarius (Jan. 20-Feb. 18)

Journey to the end of the earth… Whatever that means to you, you should do it. Do you want to start a new business, get your degree, or journey far from home? Now, is the perfect time to set your sights on the new path and figure out how to get there. Visualize your path. Look at what you've done and realize that you're capable of so much more than you think.

Pisces (Feb. 19-March 20)

Don’t assume you have all the answers. And when someone gives you advice consider that they may actually have your best interest at heart. You can learn a lot along the journey. Don’t give up on what you can do. Don’t get stuck on what you think you know. Now, is the time for pushing yourself over that proverbial cliff and reaching your hands towards the sky.
