

Dashing through the snow...well, there might be snow. Here in New Mexico the idea of a "White Christmas" is always a little delusional. Besides, snow doesn't mean you're having a good time. Madame G recommends that instead of following some else's idea of a good Christmas or life, why don't you make up your own version. I bet yours is better anyway.

Aries (March 21-April 19)

You're not perfect and the world is going to disappoint you. But, that doesn't have to be a bad thing. You also don't have to lower your standards. You can maintain a high standard of excellence for yourself and still exert the least amount of effort worrying about it. Instead, take action when you can and let go of the things you just can't change. All will be well or it won't.

Taurus (April 20-May 20)

Take care of yourself for no one else will. Your happiness, for better or worse is yours - own it. Your priorities and passions are changing. You may be looking for new friends. This may be a time to make some updates online, too. Check for unwanted cookies, not the kind you eat.

Gemini (May 21-June 20)

You're a funny one. When you finally find the answer, you look for another one. Well, that keeps you interesting. Take some time to reevaluate your situation. This is not the beginning or end, unless you say it is, and that call is yours to make. Think before you move forward and then jump.

Cancer (June 21-July 22)

Quit your crying, it's only the holidays. Everyone hates them. They just pretend to enjoy them. These people usually have children. Everyone else acknowledges that this is annoying. But we get through it like anything else. You can, too. It's almost over and then we can enjoy the long, winding road toward oblivion. In the meantime, Happy Holidays.

Leo (July 23-Aug. 22)

Well hang on, this is gonna to be a wild ride. Let's get ready to rumble, or some other silly movie trope. Whatever the case, have some fun! Break out the eggnog and shoot some whiskey in it, unless you're doing AA, in which case - good for you! Drink that eggnog. Life is short, have two eggnogs. Enjoy!

Virgo (Aug. 23-Sept. 22)

Your organized sign will enjoy some time to clear whatever clutter might be drawing cobwebs in the closet. After some partying, you can do some decorating at home. Feeling stuck in some area of life? This new moon might inspire you to make a move. Just don't rush into anything.

Libra (Sept. 23-Oct.22)

This coming year, Madame G recommends that you consider taking a different route than the one you normally take. You have the option to open up to those around you and discover something new, or do what you've always done. Be cool. Try something new and remember, if you hate it, you can always go back to the boring tried and true. It's your choice. Good luck!

Scorpio (Oct. 23-Nov. 21)

So Scorpio, you've got this weird hang-up. You hate to be wrong. You're often misunderstood and you usually have a handle on everything. But once in a while you miss the mark by a smidge. In the end, your odds are pretty good and you can take it all to the bank. But, it's a

good time to remember that everyone makes mistakes and you're no exception. Have fun with the novelty.

Sagittarius (Nov. 22-Dec. 21)

Keep trying and stop acting like this is the end of the world. You are more than capable, if you put your mind to it. In the end, your life is what you make it. Put your hands on the steering wheel and your foot on the gas and get going. Now is the time to keep working and pushing yourself forward. Your life is yours to live and love.

Capricorn (Dec. 22-Jan. 19)

Don't give up on your dreams. This is the time to change your life. Take a deep breath and smile. It ain't over until it's over. Don't give up. Be the little engine that could and say: "I think I can, I think I can, I think I can." Then you'll know that you can, because you'll have done it. Good luck! Your heart is in the right place.

Aquarius (Jan. 20-Feb. 18)

Feliz Navidad, Aquarius! Be sure to utilize that wicked sense of humor at all of your holiday gatherings this year. Enjoy your company and don't take anything too seriously. People will appreciate your stories and charisma. If you decide to spread holiday cheer. Don't hold back.

Pisces (Feb. 19-March 20)

Try to focus yourself amidst the chaos this holiday season. It's almost over and your hard work will surely pay off. Enjoy the festivities as much as you can. Continue your hard work toward everyone's enjoyment. It will not go unnoticed.
