Beginning in May, student learning through the arts will be showcased on a rolling basis at EXPO New Mexico, the fairgrounds for the New Mexico State Fair in Albuquerque. Educators are invited to upload images of their students' art during the last two weeks of each month beginning April 13-30.

Beginning in May, selected student artwork from counties across the state will appear on the large digital display boards at EXPO New Mexico for a designated period of time. In addition, the New Mexico State Fair website will include a section to display still photographs of band, dance, movement, media arts and theater student works.

Districts and schools are encouraged to submit student artwork monthly in order to showcase as many student artists as possible.

The instructions for how to submit the artwork are as follows:

- Take a picture; images must be 5 MBS or less • Insert a border/label • Type the following information bottom right of the border/frame
- Student Name, Grade
- School, District Initials
- Art Teacher – Name
- Ensure that district policy on displaying student work is followed
- Use this link to upload each piece individually:
<https://statefair.exponm.com/.../2021-school-art-month...>

If submitting more than 12 entries, contact Wyndham Kemsley at Wyndham.Kemsley2@state.nm.us.
