Dear Editor:

Being retired from police work in the military and in the local community for more than 38+ years I have encountered several cases where the Federal Government Refused to prosecute gun cases that only they could file because it was not allowed under NM State law. I had a complaint from the family of one of my registered sex offenders who was carrying an AR-15 every[where] he went. The family told me the wife purchased it legally, but the ATF in Albuquerque refused to go after this guy, made sure it was in my report to protect the department. There were other cases same excuse, guns with silencers from down south, a couple from out of state with sawed of rifles or AR's same excuse not worth the ATF's or US Attorneys time.

So why do I bring this up, well Hunter Biden may have lied on an ATF form when he purchased his gun, and may have been involved in some kind of incident with it, <https://www.nraila.org/articles/20210329/hunter-biden-s-involvement-in-firearm-incident-raises-important-legal-questions>

His father our new President, Joe Biden wants to ban assault weapons and high capacity magazine[s], while about 5000 thousands national guardsmen carrying FULLY AUTOMATIC ASSAULT RIFLES, with HIGH CAPCITY MAGAZINES are guarding the capitol, <https://wtop.com/dc/2021/02/nearly-5000-national-guard-troops-to-remain-in-washington-through-mid-march-due-to-concerns-about-qanon-chatter/>

What's wrong with this picture then have a very high fence with concertina wire on top, but Biden stops the one being finished at the border, and lets illegals folks flood in many of which many have Covid-19, <https://www.kxan.com/news/texas-politics/fact-check-are-migrants-with-covid-19-being-released-into-texas/>.

I could go on and on, but the bottom line is you better hope some of these groups asking for donations like the NRA, Gun owners of America take this guy to court, and judges do the right thing and protect or second amendment rights when the time comes. Here is a link of some recommended to donate to, <https://lockedback.com/4-pro-gun-organizations-join-support-2nd->

[amendment/](#)

I have decided with all the problems the NRA has right now to go with Gun Owners of America, its important to find one and donate to it before it is too late.
