Two months ago, thanks to collaborative efforts from hundreds of private donors and support from organizations such as CAWL, CARE, and Telluride Animal Foundation, RezDawg Rescue, Inc. was able to hold our first Spay/Neuter Clinic in Pine Hill, NM.

The response from RezDawg supporters and the community of Pine Hill was most welcoming. RezDawg and CAWL teamed up and were able to extend our clinic to three days, completing 125 spay/neuter surgeries, transporting 21 dogs to CO, as well as distributing donated dog/cat food and other supplies to community members and foster homes who participated in the clinic. Before the end of the clinic, we had already created a wait list of over 100 surgery requests.

We are happy to announce that we will be holding our second clinic June 7, 8, 9 ~ which is fast approaching! We are very thankful to have the collaborative support of both Best Friends Society, CARE and Telluride Animal Foundation who are contributing toward the costs of this upcoming clinic, as well as CAWL who will be donating their mobile spay/neuter unit again! !

We are still in need of financial support for this life saving event. We will be providing 125 spay/neuter surgeries, rabies and DAPP vaccinations, deworming, flea and tick medication and other basic meds as needed. We are also providing the food and lodging for the 10+ volunteers traveling from all over CO and NM to contribute their services to the clinic. We will providing transportation to and from the clinic for the community to ensure everyone is able to get their kiddos in for surgery, as well as run a transport of surrendered animals back to CO when the clinic is complete.

Please consider making a tax deductible contribution to our fundraising campaign for this clinic at:
