ALBUQUERQUE – The New Mexico State Police Investigations Bureau was recently requested to investigate a homicide on the main campus of the University of New Mexico.

State Police investigators learned that at around 3 am on Nov. 19 there was an altercation between a 19-year-old male and a 21-year-old male. During the altercation, both individuals sustained gunshot wounds. The 19-year-old was pronounced deceased at the scene by the Office of the Medical Investigator and the 21-year-old male was transported to an area hospital for treatment. His current condition is not known.

The 19-year-old will not be identified until the next of kin has been properly notified.

This investigation is in the very preliminary stages as investigators and crime scene agents work to process the evidence and identify witnesses to learn what lead up to the shooting. NMSP does not believe there is an ongoing threat to the community concerning this incident. The scene and investigation are still active and being led by the New Mexico State Police Investigations Bureau with assistance from the New Mexico State Police Crime Scene Team and the University of New Mexico Police Department.
