A semi-truck collided with a SUV on I-40 on June 24.

Crew C of the Gallup Fire Department responded to Interstate 40 near the 20 mile marker after the crash. When they arrived, they found the semi on its side with the driver trapped inside. The truck was blocking multiple lanes of traffic.

The GFD crew were able to extricate the driver through the roof of the truck. The driver reportedly didn't have any injuries. The truck wasn't carrying any hazardous materials.

The other vehicle involved in the crash was an SUV. Two of the people in the SUV were transported to the hospital.
